*Attorneys for Defendant Chrysler Group LLC*

1 This lawsuit alleges that Chrysler Group failed to disclose a defect that causes the headlights to  
 2 shut off unexpectedly in 2011 and 2012 Dodge Charger vehicles. At the initial Case Management  
 3 Conference in March, the parties reported that Chrysler Group was conducting a recall to address the  
 4 alleged defect, and that the parties were going to assess whether this case could be dismissed by  
 5 stipulation. The parties continued the second Case Management Conference to August 19, 2014, in  
 6 order to allow the parties to continue working toward a resolution. The parties now inform the Court  
 7 that they recently reached a settlement in this matter, and that they anticipate finalizing the settlement  
 8 and filing the stipulation of dismissal of Plaintiff's claims within one week. In the event that the parties  
 9 need additional time to finalize the settlement and file their dismissal, however, the parties propose that  
 10 they file either a stipulation of dismissal or a further Case Management Conference Statement by August  
 11 26, 2014, and hereby request that the Court reschedule the Case Management Conference currently  
 12 scheduled for August 19, 2014, to September 2, 2014.

13 The parties therefore stipulate and agree, subject to Court approval, that the Court reschedule the  
 14 Case Management Conference currently set for August 19, 2014, to September 2, 2014, and that the  
 15 parties file either a stipulation of dismissal or a further Case Management Statement on or before August  
 16 26, 2014.

17 A [Proposed] Order is appended to this Statement and Stipulation.

13 PURSUANT TO STIPULATION, IT IS HEREBY ORDERED that the parties shall have until

15 Statement. The Case Management Conference set for August 19, 2014, is hereby continued to
